

## About Business Sensor ERP Partner Network

The Business Sensor ERP Partner Network (BPN) is not just another network; it's a vibrant global ecosystem teeming with individuals, cutting-edge systems, and an array of services meticulously designed to ensure that Business Sensor Partners receive nothing less than the absolute pinnacle of training, support, and enablement within our industry.

Think of the Business Sensor Partner Network as the dynamic extension of Business Sensor, enhancing our reach and enriching our market presence. When we conceptualized this program, we did so with one paramount focus in mind – you, our invaluable partners. We acknowledge that your role is pivotal to our ambitious growth plans and our ultimate aspiration: to bring to life innovative technology suites that are nothing short of exquisite, highly functional, and astonishingly user-friendly. Your involvement in this journey is not just encouraged; it's essential. Join us and let's collectively champion this exciting vision together.

## Our strategy

Unlike many partner networks in our competitive landscape, the goal of our partner program is to build a route to customers that demonstrates how deeply we value the expertise and experience our partners have in specific industries.

At our very foundation, our program tenet is not to flood the market with partners simply for the purpose of maximizing geographical coverage, but rather to organize a skilled team of partners who are committed to grow with Business and to provide customers with solutions that have industry-specific functionality and that support critical micro-vertical processes.

## Unwavering dedication to partner greatness:

### Elevate. Evolve. Exceed.

#### Elevate

To help you improve your capabilities, service, and customer value, we continuously invest in providing you with an arsenal of tools, skills, and resources in areas you've told us are most important.

#### Evolve

In our commitment to propel your business to new heights and maintain a competitive edge, we've crafted a partner platform that empowers you to craft and implement a tailor-made growth strategy.

#### Exceed

Our unwavering commitment is to equip you with the tools necessary to surpass your objectives and exceed your expectations. We are dedicated to providing you with numerous avenues to expand your revenue streams.

## Enhanced Advantages

At the heart of our Business Sensor Partner Network lies a mission to deliver top-tier solutions for partners to market, unparalleled personalized support, and a comprehensive enablement program that serves as the cornerstone for cultivating a successful, sustainable, and thriving business.

### Partner benefits include:

- Training and enablement
- Multiple ways to earn commission
- Innovative incentive
- High Competitive commission rate
- Clear market definition
- Tiered performance structure
